

# TIBOUCHINA

## A STUNNING, FAST GROWING SHRUB OR SMALL TREE

*Tibouchinas are renowned for their autumn colour and versatility.* Mulch around Tibouchinas and add *water crystals* to encourage extra water holding as these plants will benefit from that encouraging healthy growth and root system health.

A stunning fast growing shrub/small tree with *spectacular flowers during autumn to winter.*

### POSITION

Full sun to part shade, prefers a moist but well drained soil.

### PRUNING

Lightly prune after flowering to maintain overall shape of the plant.

### FERTILISING

Feed regularly with '**THRIVE GRANULAR COMPLETE**', '**AQUASOL**', '**THRIVE SOLUBLE**' or even '**OSMOCOTE**' to encourage sustained healthy growth.

Tibouchinas also require a regular solution of '**SEASOL**', '**MAXICROP**' or '**POWERFEED**' for root system health.

### CULTIVARS

#### TIBOUCHINA "JULES"

A glorious deep purple flowering shrub, by far the most popular out of this genus for its versatility.

#### TIBOUCHINA "ALSTONVILLE"

A glorious deep purple flowering small tree.

#### TIBOUCHINA "GRANULOSA"

A glorious deep purple flowering medium to large growing tree.

#### TIBOUCHINA "KATHLEEN"

A glorious *PINK* flowering form.

And more.
