General Information

This product meets all requirements of a certified organic input as specified under NASAA certification.

Re-Mulch™ is a 100% recycled mulch manufactured from composted green organics. This is a relatively low nutrient based organic mulch designed to suppress weed growth and retain moisture.

Re-Mulch™ should be applied to a depth of 100mm. Repeat applications may be required every 4-5 years. For more detailed information please contact one of our qualified horticulturists.

NB: Material Safety Data Sheets are available on request.
