

ENVIRONMENT MANAGEMENT SYSTEM	17-11010
POLICY	

4.1 GENERAL REQUIREMENTS

Australian Native Landscapes Pty Limited is committed to operating in a manner that is compatible with the long-term sustainability of the ecosystems which we affect. Because of this, environmental stewardship is one of our core organizational objectives and the responsibility of all our employees. We believe that sound environmental performance is a key component of sound business performance, and as such, it represents a value-added benefit to our community. Our commitment is evidenced by the adoption of the Australian & International Standard AS/NZS ISO14001:2004 for Environment Management Systems as the corporate guideline. With the determination of the board & senior management and support of all staff members & sub-contractors, Australian Native Landscapes Pty Ltd will meet our corporate goal of continual environment management improvement.

Australian Native Landscapes Pty Ltd have determined that the scope of our corporate environment management system will:

- Comply with all applicable environmental laws and regulations, and corporate policies.
- Manage our operations to avoid or minimize impacts to the ecosystems we depend upon.
- Identify environmental objectives and targets, which represent performance beyond strict regulatory compliance, and strive to meet or exceed them.
- Monitor our environmental performance through regular evaluations and reset targets and objectives periodically.
- Reduce the quantity and toxicity of materials used and waste generated from our operations through on site recycling, off site recycling or licensed disposal.
- Promote our superior environmental performance to maximize strategic business advantages where applicable.
- Consider environmental costs, risks, and impacts when making planning, contracting, purchasing, and operating decisions.
- Seek the commitment of all employees to environmental stewardship through communication, training and support for employee leadership.
- Involve our employees and sub-contractors in improving our environmental performance.
- Continuously improve the effectiveness of our environmental management program.
- Reduce pollution where possible

ENVIRONMENT MANAGEMENT SYSTEM	17-11010
POLICY	

4.2 ENVIRONMENTAL POLICY

The Directors of Australian Native Landscapes have defined the organisation’s environmental policy to ensure that, within the scope of this environmental management system:

- a. Australian Native Landscapes shall identify the environmental aspects & impacts of our activities, organic waste recycling and the associated logistics, and manage these aspects & impacts to acceptable standards.
- b. ANL shall meet our commitment to continually improve our environmental performance and prevent pollution
- c. ANL shall maintain our corporate governance and legal requirements of compliance of the Act’s & Regulations within each jurisdiction (national, State & Local government) and EPA guidelines in which we operate and other requirements to which we subscribe, where they relate to relevant environmental aspects.
- d. This policy provides the framework for setting and reviewing environmental objectives and targets
- e. ANL has a documented, implemented and maintained Environmental Management System that meets the requirements of ISO 14001
- f. The systems are communicated to all persons working with or for the Company, and
- g. Is available to the public via the ANL website.

“Working in the interests of a better environment” – since 1971.

Patrick Soars
 Director
 Australian Native Landscapes Pty Limited
