Topics

Growing Vegetables & Herbs in Pots

Well known Gardening presenter & author Melissa King will talk about her two passions gardening & food as she offers advice on vegie & herb culture in feature pots & patio planters.

Establishing & Maintaining Water Features

Richard Lakin from Clearpond will discuss feature options, pump selection and set-up, and explain the basics of pond or water feature care & maintenance.

Pest & Disease Control

With the backing of 125 years of experience Yates expert Lee Thompson will answer all of your questions regarding pest & disease care in the home garden.

Installation & Establishment of Vertical Wall Gardens

Atlantis is a world leader in Green Wall or vertical garden technology. George Tomo will explain the essential features of creating green walls in your home using the Gro-wall Vertical Garden System.
