

## Specification–Re-Cover™ Certified Organic Mulch

**Product Category**  
**Quality system**

**Mulch (uncomposted)**  
NASAA

**Formulation**  
**Particle Grading**

Select Regional Pinus Blend  
3-8m

**Analysis**

Physical	Organic Matter (%)	95-100
	Bulk Density (kg/l)	<0.43
Chemical	pH	5.0 – 6.0
	EC (dS/m)	<0.2
	Total Nitrogen (%)	<0.2
	Calcium (%)	<0.1
	Magnesium (%)	<0.1

**General Information**

This product meets all requirements of a certified organic input as specified under NASAA certification.

Re-Cover™ is a 100% select Pinus blend mulch, designed to suppress weed growth and retain moisture, and should be applied to a depth of 75mm. Repeat applications may be required every 2-3 years.

We recommend applying fertiliser prior to mulching to ensure adequate plant nutrient availability.

For more details please contact our qualified horticulturists or visit [www.anscape.com.au](http://www.anscape.com.au).

NB: Material Safety Data Sheets are available on request.
